

**Sulky Failure Report** 

The United States Trotting Association is requesting information regarding any racing sulky that has been reported to you that has failed either during an actual race, or during the warming up of horses, the post parade or after the finish of the race.

The Sulky Failure Report form shall be filled out accordingly for each individual racing sulky/incident. Please provide us with the following information.

Form filled out by (check where applicable):

| □ RACING OFFICIAL □ SULKY-OWNER/DRIVER/TRAINER □ HORSEMEN'S ASSOCIATION                                    |                    |            |
|--|--------------------|------------|
| Name (Model) of Sulky*   |                    |            |
| Name of Sulky Manufacturer*  |                    |            |
| Name of Sulky Owner  |                    |            |
| Driver of Horse  | _ Date of Incident | <u> </u>   |
| Track at which current incident occurred   | Race Num           | ber        |
| Date of Sulky Purchase// Serial Number (required)  |                    |            |
| Was the described sulky purchased?: $\Box$ New $\Box$ Used   |                    |            |
| Where did the failure occur? $\Box$ Post Parade/Scoring $\Box$ Warming Up $\Box$ Training $\Box$ In a Race |                    |            |
| Had this sulky ever been involved in a previous accident? $\Box$ YES $\Box$ NO                             |                    |            |
| If "yes," who reconditioned the sulky and when?  |                    |            |
| Approximate number of races in which the described sulky was used:   |                    |            |
| Was the failure a result of a racing accident? $\Box$ YES $\Box$ NO  |                    |            |
| Where did the failure occur? $\Box$ Arch $\Box$ Shaft $\Box$ Seat $\Box$ Fork $\Box$ Other                 |                    |            |
| Description of incident:   |                    |            |
| Were there any injuries as a result of the sulky failure?  |                    |            |
| If "yes," explain:   |                    |            |
| () Print Name Daytime Pho  | /                  | //<br>Date |
